SUNBURST YOUTH HOUSING PROJECT

In February 2006, after more than 41½ years of hard work, The Center opened an innovative youth supportive housing project — one of the first of its kind in the United States. The Youth Housing Project provides 23 units of affordable, supportive housing for youth between 18-24 years of age, with a special focus on LGBTQ and HIV+ youth. These high-risk youth were living in the streets or in public spaces after having been ejected from their homes because of their sexual orientation.
